"Autumn" comes from a long line of heavy hitters including Cowboy Chex, Tari Graves, Totem Pole and Hunts Command Respect. This girl has given us two big calves. She's a great producer of large calves, with a deep body and big rolling horns. She has a 2024 bull calf at her side by TTT Ferdinand (Cowboy Cadence, Concealed Weapon) and is exposed to GCC Picanté (Rowdy HR, DH Hottie, Boomerang) for a 2025 fall calf.
